The screenshot displays the Jbridge software interface, which is a digital DJ mixer. It features two main decks at the top, each with a waveform display and a pitch control knob. The left deck is playing 'Selecta (Original Mix)' by Afrojack & Quintino, and the right deck is playing 'Levels (Original Mix)' by Avicii. The central mixer section includes various controls for volume, EQ, and effects. Below the decks, there are four cue points with their respective waveforms and time markers. At the bottom, a track library is visible, listing tracks with columns for Played, Artist, Title, Year, Duration, BPM, Rating, Genre, Type, Bitrate, and Date Added.
